

include/args/arguments.h

```
graph TD; A[include/args/arguments.h] --> B[argp.h]; A --> C[info.h];
```

The diagram illustrates a header file dependency. A central box at the top, labeled 'include/args/arguments.h', has two blue arrows pointing downwards to two separate boxes below it. The left box is labeled 'argp.h' and the right box is labeled 'info.h'. This indicates that the 'include/args/arguments.h' file includes both 'argp.h' and 'info.h'.
