

include/translate/symbol
_table.h

```
graph TD; A[include/translate/symbol_table.h] --> B[stdbool.h]; A --> C[types/number.h];
```

The diagram illustrates a header file dependency. At the top, a gray box contains the text 'include/translate/symbol_table.h'. Two blue arrows originate from the bottom edge of this box. The left arrow points to a white box labeled 'stdbool.h'. The right arrow points to a white box labeled 'types/number.h'.
