

include/utils/arguments.h

```
graph TD; A[include/utils/arguments.h] --> B[argp.h]; A --> C[stdbool.h]; A --> D[info.h];
```

A diagram illustrating the dependencies of the file `include/utils/arguments.h`. The top box, labeled `include/utils/arguments.h`, has three arrows pointing down to three separate boxes below it. These boxes are labeled `argp.h`, `stdbool.h`, and `info.h` from left to right.
