

include/utls/arguments.h

```
graph TD; A[include/utls/arguments.h] --> B[argp.h]; A --> C[stdbool.h]; A --> D[info.h];
```

A diagram illustrating the dependencies of the file `include/utls/arguments.h`. The file is shown in a grey box at the top. Three blue arrows point downwards from it to three separate boxes below: `argp.h`, `stdbool.h`, and `info.h`. The boxes for `argp.h` and `stdbool.h` have a light grey border, while the box for `info.h` has a black border.

argp.h

stdbool.h

info.h
